

ABOUT THE DEPARTMENT

The Information Science and Engineering department has started with the inception of the institution in 2000 with an UG intake of 30. The present UG intake is 60 and we have an intake of 18 for PG. The department has established its credibility by being committed to the teaching, learning, research & development, and community activities. The department has excellent infrastructure to cater to both UG / PG programs along with research centre. The department has been accredited twice and is shortly going for the third accreditation process. The department has 15 faculty members, out of which 4 are with Doctoral Degrees with an average experience of 10 years in different areas of expertise. The staff to student ratio is 1:15. The department has an excellent placement record & is preparing for entering in to MOU with Industries to facilitate the students for their industrial training and project work.

ABOUT M. TECH. PROGRAM

INFORMATION TECHNOLOGY (IT)

The above program which started in 2013-14 is run by the Department of Information Science and Engineering. Already 2 batches have successfully completed & are placed in good positions. The M. Tech. course is for the period of two years and is designed carefully with core subjects, electives, seminars, industrial training/internship & software training and related project works.

Highlight: We are proud that in the last 2 years, 5 of our students have joined a prestigious company like Intel for projects and subsequently for placements at a package of ₹ 10 Lakhs/Annual.

MINIMUM QUALIFICATION / ELIGIBILITY

Admission to M. Tech. program affiliated to VTU in Information Technology shall be open to Indian Nationals who have passed the qualifying examination as prescribed by VTU, Belgaum. Candidates who have passed B.E. (CS/IS) or equivalent from the recognized Institution/University with a minimum 50% of marks and valid PGCET/GATE score are eligible.

SDM Educational Society (R), Ujire

Shri Dharmasthala Manjunatheshwara College of Engineering & Technology, Dharwad is under the flagship of SDM Educational Society, Ujire. The guiding spirit and driving force for all the achievements and progress of our institute is our President Padmabhushana Dr. D. Veerendra Heggade, Dharmadhikari of Shri Kshethra Dharmasthala, who has the highest concern for Vidyadana, being one of the philosophies of Sri Kshetra.

The SDMCET is one of the top quality institutions in India. Since its inception in 1979, the institute has established itself as a centre of high repute engaged in imparting quality education and providing support to research and developmental activities. The institution is recognized by AICTE, affiliated to VTU Belagavi, beneficiary of TEQIP phase II program of World Bank, accredited twice by NBA besides having academic autonomy. The institution offers under graduate programs in seven disciplines and 7 post graduate programs across the departments. The institution has proven track of placement records with 55 companies every year, visiting the campus.

LOCATION

SDMCET is located in Dharwad along the Pune-Bengaluru National Highway 4. Dharwad is the cultural city of Karnataka and is an excellent educational hub. It is well connected by road, rail and air to major cities in India. The institute is located amid 68 acres surrounded with a beautiful picturesque view and is isolated from the densely populated area thus being conducive for academic activities.

SELF CONTAINED CAMPUS

The institute has adequate separate hostel facilities for both boys and girls. To suit the taste of the students, a

common dining and recreation facility is available. Vast stretch of play ground, Gymnasium, a Central Library, Post office, Bank, Health care centre, Fast food, Co-operative society, Canteen, ATM and Alumni Block with guest rooms are the amenities available. There are several clubs for extracurricular activities viz music, adventure, etc.

COMPUTING FACILITIES

SDMCET has campus wide network spanning the entire campus- academic buildings, student hostels and

campus residences. Each department has its own LAN connected to this network. The LANs have adequate number of computers to cater to the needs of the department. The institute has 24x7 Internet connectivity. There is a Common Computing Facility (CCF) in the college besides the departmental computing facilities. The present bandwidth is 30 Mbps.

LIBRARY FACILITIES

The library of the institute functions from 8 am to 9 pm. The library caters to the needs of UG, PG, research scholars and faculty members of all the departments. There are more than 50000 books, 121 Journals Print and 8611 Journals Online from ASCE, ASME, IEEE and Springer link publishers besides digital library from McGraw Hill publishers.
