## **INSTITUTION PROFILE**

Sri Dharmasthala Manjunatheshwara College of Engineering & Technology, Dharwad is under the flagship of SDM Educational Society, Ujire. The guiding spirit and driving force for all the achievements and progress of our institute is the President **Dr. D. Veerendra Heggade**, Dharmadhikari of Sri Kshethra Dharmasthala, who has the highest concern for Vidyadana, being one of the philosophies of SriKshetra.

SDMCET is one of the top quality institutions in India. Since its inception in 1979, the institute has established itself as a centre of high repute engaged in imparting quality education through innovative teaching learning process, best practices and providing support to Research & Developmental activities. The institution is recognized by AICTE, affiliated to VTU Belgaum, beneficiary of TEQIP phase II program of World Bank, accredited twice by NBA besides having academic autonomy. The institution offers Under Graduate programs in seven disciplines and eight Post Graduate programs including MBA.

## **LOCATION**

SDMCET is located in Dharwad, along the Poona-Bengaluru National Highway-4. The institute is spread over more than

60 acres of land surrounded by a beautiful picturesque view and is isolated from the densely populated area thus being conducive for academic activities. It is well connected by road, rail and air to major cities in India. Dharwad is the cultural city of Karnataka and is an excellent educational hub.

## **ABOUT THEWORKSHOP**

Technical Education has laboratories included in the curricula ; It is well known fact that any theory is better understood if it has the laboratory support.Hence along with faculty, the technical support staff should also have practical skills to cater to the needs of students with rigour having the knowledge of latest equipments, instruments, meters etc.Moreover with the advancement of technology especially in Electronics it is imperative to keep abreast with the technical skills of support staff. Technicians or support staff form the backbone of any technical institution's laboratory. Experts from the Industry can impart good training to aquire skills. Therefore to inculcate the above mentioned value addition skills to support staff, and to train in the usage, handling, minor troubleshooting, operation and maintainance of Electrical and Electronics equipments, the workshop is organized.

Objectives:

1. To know the importance of specifications
2. To use equipments as per the manufacturer's instructions.
3. To acquire skills of calibration, repair and

safe handling of the equipments along with trouble shooting.

4. To prepare and follow schedule to monitor health of the instrumentation system.
5. To train the staff with hands on with few equipments/instruments viz Digital Trainer kits, Power supplies, CRO, Digital Storage oscilloscope, AFO etc.
