

SDM College of Engineering and Technology, Dharwad-580002

Department of Chemistry

Best Practices

1. Curriculum being framed as per the needs of the engineering departments.
2. Outcome Based Education (OBE) practices are being implemented effectively
3. Identifying student's initial knowledge & preconception about topics and than organizing knowledge around core concepts.
4. Including real world applications in learning process.
5. Conducting seminars, group discussions on current topics and other team activities.
6. Special coaching for the slow learners identified based on the performances in the internal examinations.
7. Invited Talks and workshops are organized on regular basis.
8. Parents-Teacher meets are conducted every semester.
9. Mentor- Mentee system of education is in practice.
10. Community oriented activities are initiated.
