About Department

Information Science and Engineering Department is the youngest department of the institution. The department started in the year 1999. It has the state-of-art computing facility, the laboratories are equipped with ultra-modern desktops, latest Win Bee Thin Clients - all networked. The major strength of the department is its stable faculty - doctorates and post-graduates in different areas of specialization from premier institutes. The department has an impressive 7:1 student-staff ratio enabling closer interactions between students and faculty. The department has excellent academic record (with more than 75% students securing distinction at university examination) and the students regularly figure in the state and national level paper presentations and conferences. The department has MOU with leading IT Industries, with the aid of which the trainer as well as the student is given an exposure of the current trends in the industry. Above all, the remarkable placements records have carved the niche.
