Web Developer Requirement

Are you a skilled web developer looking for an exciting opportunity to work with cutting-edge technologies? Look no further! We are seeking a talented individual to join our college as a Web Developer with expertise in Django, Python, HTML, CSS, Bootstrap 4, MySQL, Gunicorn, Nginx, and Ubuntu Server OS.

Key Responsibilities:

- Develop and maintain web applications using Django and Python.
- Create visually appealing and responsive front-end interfaces using HTML, CSS, and Bootstrap 4.
- Design and optimize MySQL databases for efficient data storage and retrieval.
- Configure and manage Gunicorn web server hosts for seamless deployment.
- Implement Nginx services for load balancing and reverse proxy mechanisms.
- Collaborate with stakeholders to deliver seamless solutions.

Requirements:

- Proficiency in Django and Python for server-side programming.
- Strong understanding of HTML, CSS, and Bootstrap 4 for front-end development.
- Experience working with MySQL databases.
- Familiarity with Gunicorn web server hosts and Nginx service for load balancing and reverse proxy.
- Ability to work in Ubuntu Server OS environment.
- Excellent problem-solving skills and attention to detail.
- Preferably 2+ years of experience in web development.

Why Join Us?

- Exciting projects using the latest technologies.
- Creative work environment.
- Opportunity for professional growth and career development.
- Competitive salary.

Address:

Eligible and interested candidates may apply to the Principal latest by **15th April 2024** as per the format available in the College website: <http://www.sdmcet.ac.in> and a copy of the same is to be sent through E-mail to principal@sdmcet.ac.in
