Three-days Faculty Development
Program
on
Innovative Pedagogy, Research and
Publishing Skills

20th-22nd February 2025

Organized by

Department of Electrical and Electronics
S D M College of Engineering and Technology
Dharwad-580 002

The Institute:

Sri Dharmasthala Manjunatheshwara College of Engineering & Technology, Dharwad is under the flagship of SDM Educational Society, Ujire. The guiding spirit and driving force for all the achievements and progress of our institute is the President **Dr. D. Veerendra Heggade**, Dharmadhikari of Sri Kshethra Dharmasthala, who has the highest concern for Vidyadana, being one of the philosophies of Sri Kshetra. SDMCET is one of the top-quality institutions in India. SDMCET made its humble beginning in 1979, with three branches in Electrical, Mechanical, and Civil, having a total intake of 90 students. We currently have 8 UG programs, 5 PG programs in Engineering and an MBA program. All 11 departments have been recognized as Research centers for offering Ph.D. program by VTU, Belagavi. The total intake of students is 660 for Undergraduate programs and 150 for Post Graduate programs. The total faculty strength is 154, of which 72 members have Ph.D. qualifications. The total number of supporting staff is 250. The total student strength on the campus is more than 3,000. The institute is top ranked by most premier ranking agencies of the country and is accredited by NAAC with 'A' grade. The Department of Electrical and Electronics Engineering is one of the pioneering programs in SDMCET. Presently the department runs one UG program with an intake of 60 and two PG programs with each having an intake of 18. It is one of the

recognized research centers of VTU Belagavi. The department is accredited by NBA New Delhi four times in tier I.

Location:

SDMCET is located in Dharwad, along the Poona-Bengaluru National Highway. The institute is spread over more than 60 acres of land surrounded by a beautiful, picturesque view and is isolated from the densely populated area thus being conducive to academic activities. It is well connected by road, rail, and air to major cities in India. Dharwad is the cultural city of Karnataka and is an excellent educational hub.

Aim and scope

In today's competitive academic environment, faculty roles extend beyond teaching to include research, innovation, and knowledge dissemination. Quality research enhances teaching by providing up-to-date, evidence-based content, while strong pedagogical skills help communicate complex findings effectively. A Faculty Development Program (FDP) focused on innovative pedagogy, research, and publishing will equip faculty with essential skills to excel in academia. The program will guide faculty in selecting research topics, drafting high-quality manuscripts, and securing funding through effective proposals. It will also cover ethical publishing practices, intellectual property rights, and patent filing. Training in academic writing and research tools will streamline workflows, while fostering innovative teaching methodologies and learner-centric approaches will

improve the quality of education. By promoting international collaboration and ethical publishing, the FDP will strengthen institutional rankings, faculty profiles, and create a culture of academic distinction and societal impact.

Target Audience:

Research scholars, PG students, and Faculty Members from higher education institutes.

Resource persons: Field experts from IITs/ IITs/ NITs / other reputed organizations.

Registration:

The aspirants are required to download the brochure from www.sdmcet.ac.in and send the filled-in registration form duly signed by the Head of the Dept. /Institution along with a payment confirmation acknowledgment on or before **15-02-2025**

Registration fees

Rs.500/- For faculties and research scholars

Rs.200/- For PG students
