

**S D M COLLEGE OF ENGINEERING AND TECHNOLOGY,  
DHARWAD – 580 002**

**Department of Electrical & Electronics Engineering**

**Course delivery methods during COVID-19 pandemic**

COVID-19 pandemic has transformed the teaching learning method to a different dimension. The conventional methods of teaching and learning could not be used during this period. However, the technological innovations and availability of different gadgets have made it possible to effectively reach to the students in a convenient manner even the physical contact classes were not possible. The department has taken different initiatives as per the guidelines given by the college to reach to the students in an effective manner during COVID-19 pandemic. The gist of the initiatives taken by the department during COVID-19 pandemic are listed below.
