Shri Dharmasthala Manjunatheshwara College of Engineering and Technology, Dharwad

Cyber Policy

SDMCET Campus has 4km of OFC connecting all the Departments, administrative wing, hostels, library, browsing centre etc. The entire network is managed by Central Computing Facility (CCF) staff. The network has 1000GBPS of back plane capacity, core switch and a Sophos firewall. The firewall restricts usage of internet for each user of the network. The firewall makes it easier for roll-based access of the internet services as mentioned below.

HoD's and Dean User ID's
